### Employee Recognition

Congratulations to the following faculty and staff who have been recognized by a member of our campus community for strengthening our institutional culture and modeling WSU values.

#### **Johnny Acevedo & Rafe Gould** *Trades*

I am nominating the two (2) employees who work as a team on the buildings' HVAC systems. They both have gone above and beyond on the many projects I have requested, and always show up with a great attitude and respectful demeanor.

I hope they know how much the Health Sciences Department appreciates them!

#### **Jennifer Dobiecki, Sharon Welch & Lori Putnam** *Career Center*

I would like to recognize the team in the Career Center for all of their work this semester by providing students and alumni with a welcoming and friendly environment. Each interaction is geared towards making a difference and assisting students/alumni to achieve and meet their career related goals.

#### *Facilities and Operations, Public Safety, Admission, Information Technology Services, Financial Aid, and Administration and Finance*

We would like to recognize the amazing efforts by many folks who worked quickly to contain Saturday's roof leak in Horace Mann. These individuals rallied on a Saturday morning to contain damage to Horace Mann, inspecting and repairing the roof, pulling down waterlogged ceiling tiles, moving objects, cabinets and binders out of the path of the water and vacuuming excess water among other works. We would also like to recognize the post-event problem solvers for their help with the events following Saturday morning. A huge thank you to everyone involved!
