

## Substance Abuse Counselor Position

### Job description

Independently licensed and certified substance abuse counselor responsible for maintaining a professional therapeutic environment while providing counsel and support to patients suffering from drug or alcohol dependency. Will help educate patients in the best methods to help manage and overcome mental and emotional issues while in the recovery process for patients undergoing outpatient medication management at OnCall Healthy Living Program. OnCall HLP requires all patients to undergo substance abuse counseling and can provide a panel of patients. Unique practice opportunity, contact us for further details.

OnCall HLP has been providing office-based opioid and alcohol treatment since 2008. Our comprehensive treatment program utilizes evidence-based protocols to provide up-to-date quality recovery treatment with compassion, understanding and respect. Our team of medical providers is looking to work in tandem with a substance abuse counselor to provide individual patient-centered treatment to support sustained recovery. OnCall HLP has two locations, Northampton, MA and Springfield, MA.

#### Skills:

Sufficient typing and computer skills to facilitate use of Electronic Health Record required; experience with Electronic Health Records preferred. Effective oral and written communication skills; ability to develop a therapeutic relationship while maintaining professional boundaries; ability to manage stressful situations in a calm, organized, and professional manner.

#### Education:

Bachelors Degree & Masters Degree (LICSW or CADC-II preferred)

#### Experience:

Previous substance abuse counseling in an outpatient or inpatient setting.

Job Types: Full-time, Part-time

Pay: \$50,000.00 - \$75,000.00 per year

#### COVID-19 considerations:

Covid Protocol in place. Covid questionnaire assessment for all patients in order to gain access to office.
